Mr. Douglas K. True
Vice President, Finance and University Services
University of Iowa
105 Jessup Hall
Iowa City, Iowa 52242-1316

Dear Mr. True:

This is in response to your recent letter which transmitted the University of Iowa's revised Disclosure Statement (CASB Form DS-2). We have reviewed the DS-2 based on recommendations contained in the Department of Health and Human Services' Office of Inspector General report entitled *Adequacy and Compliance Audit University of Iowa's Disclosure Statement*.

As the Administrative Contracting Officer (ACO), I am required to determine the adequacy and compliance of submitted DS-2s. In accordance with Cost Accounting Standards Board (CASB) procedures, the ACO decision will be based on recommendations issued by the cognizant agency auditor. Based on our review and consultation with audit staff, we have determined that your DS-2 adequately discloses the cost accounting practices required to be disclosed by CASB's rules, regulations, and standards, and that those practices are compliant with applicable Government cost accounting regulations. Accordingly, your approved Disclosure Statement will be effective until such time when disclosed practices are changed to comply with a new CAS or when practices are changed with or without the agreement of the Government.

Should you have any questions on this matter, please contact Jay Mervis of my staff on (202) 205-0396.

Sincerely,

Charles J. Seed
Director
Division of Cost Allocation

		University of Iowa	
Item No.	Item Description		
1.5.0	<p><u>State Laws or Regulations</u></p> <p>The University of Iowa is an institution of the State of Iowa, falling under the jurisdiction of the State Board of Regents. As such, the University is governed by state and federal law, administrative regulations, and State Board of Regents policies, which provide broad direction on University affairs. State regulations are outlined in the <u>Code of Iowa</u>, the <u>Iowa Administrative Code</u> and the <u>Board of Regents' Procedural Guide</u>.</p> <p>The University is a participating employer in the Iowa Public Employees' Retirement System (IPERS), which is a cost-sharing, multiple-employer, public employees' retirement system designed as a supplement to Social Security. All employees, except "temporary" employees of six months or less employment duration, who do not participate in any other public retirement program in the State are eligible and must participate in IPERS. Staff members on a permanent appointment with an annual budgeted salary of less than \$7,800 are required to participate in the IPERS program. Staff members with a permanent appointment earning more than \$7,800 in annual budgeted salary may elect to participate in TIAA/CREF instead of IPERS. The IPERS plan is administered by the State of Iowa under the provisions of Chapter 97B of the <u>Code of Iowa</u>. The University's responsibility is limited to payment of contributions, which is a fixed percentage of covered wages. State statute requires contributions of 3.70% by the employee and 5.75% by the University.</p> <p>University employees accumulate vacation and sick leave under the provisions of Chapter 79 of the <u>Code of Iowa</u>. It is the policy of the State to liquidate these accrued benefits under specific circumstances. The State pays for accrued vacation at 100% of the employee's hourly rate upon retirement, death, or termination and, with certain exceptions, for accrued sick leave at 100% of the hourly rate to a maximum of \$2,000 upon retirement.</p> <p>The University incurs costs for staff members who incur medical expenses and/or lose work time as the result of a job related accident or illness. Such expenses are covered in accordance with the Iowa Workers' Compensation Law, as prescribed in Chapter 85 of the <u>Code of Iowa</u>. The costs of workers' compensation are paid by the Workers' Compensation fund of the State of Iowa. The University is assessed quarterly premium payments at a rate per one-hundred dollars of payroll. The rate is established by an actuarial review of annual new claims experience, combined with the commercial rate for the type of business conducted.</p> <p>University staff members, with the exception of most student employees, are covered for unemployment compensation under the provisions of Chapter 96 of the <u>Code of Iowa</u>. The cost of unemployment compensation is paid entirely by the University from funds established by charging the individual departments on the basis of their payroll costs.</p> <p>Chapter 11 of the <u>Code of Iowa</u> and Chapter 7.05 of the Board of Regents <u>Procedural Guide</u> require that the state auditor perform a complete annual audit of the University's financial records, as well as periodic (at least quarterly) audits of the reports submitted to the State. All costs of these audits are paid by the University and, as a result, included in the calculation of indirect cost rates.</p>

Item No.	Item Description		
1.5.0	<p><u>State Laws or Regulations</u> (Cont'd)</p> <p>Chapter 8 of the Board of Regents <u>Procedural Guide</u> outlines detailed purchasing regulations. The regulations cover the procurement of all goods and services purchased by the institution, except for capital improvements and related consulting contracts, fire protection, legal service, architects, and engineers. The regulations require that supplies, equipment, and services be purchased by the University on the basis of competitive price quotations whenever feasible. The Board of Regents delegates authority to the University to establish a procedure, based on economy of scale, to administer the purchase of small orders from local vendors.</p> <p>Reimbursements of travel expenses are governed by Chapter 7.35 of the Board of Regents <u>Procedural Guide</u>. The regulations place limits on reimbursement amounts for mileage, daily meals, and lodging.</p> <p>The University participates with other Iowa Board of Regents institutions in a self-insurance pool for purposes of providing automobile liability on owned vehicles. Claims up to \$250,000 are paid from the self-insurance pool. Claims exceeding \$250,000 are the responsibility of the State of Iowa. All claims are processed through the Iowa Tort Claims process, in accordance with Chapters 668 and 25A of the <u>Code of Iowa</u>.</p> <p>A holiday or paid leave day is granted to a University employee in addition to vacation and sick leave, under the provisions of Chapter 4.16 of the Board of Regents <u>Procedural Guide</u>. The following nine holidays are granted annually to employees: New Year's Day, Martin Luther King Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Friday after Thanksgiving, and Christmas Day and an additional day near Christmas designated in the official University calendar.</p> <p>Chapter 262 of the <u>Code of Iowa</u> identifies the powers and duties of the Board of Regents, which includes the following:</p> <ul style="list-style-type: none"> • Elect the president of the University; a treasurer and a secretarial officer annually; professors, instructors, officers, and employees; and fix their compensation. • Manage and control the property, both real and personal, belonging to the University. • Acquire real estate for the University, and dispose of real estate belonging to the University when not necessary for its purposes. • Lease properties and facilities, either as lessor or lessee. • Direct the expenditure of all appropriations and any other moneys belonging to the University. • Collect the highest rate of interest, consistent with safety, obtainable on daily balances in the hands of the treasurer of the University.

1.5.0	<p><u>State Laws or Regulations</u> (Cont'd)</p> <ul style="list-style-type: none"> • Issue notes, bonds, or other evidence of indebtedness in anticipation of the collection of income, revenues, fees, and charges; and pledge such rents, profits, income and fees for the discharge of the indebtedness. • In issuing bonds or notes, maintain a list of firms to be notified of requests for proposals and establish a fair and open selection process that considers compensation, expenses, and prior experience with similar issues. • When the estimated cost of construction, repairs, or improvements of buildings or grounds exceeds \$25,000, the Board shall advertise for bids and let the work to the lowest responsible bidder. The Board may reject unacceptable bids and proceed with the project by a method as the Board may determine. All plans, specifications, and bids shall be filed by the Board and be open for public inspection. A bidder awarded a contract shall disclose the names of all subcontractors who will work on the project. If a named subcontractor is replaced, or if the work to be done by a subcontractor is reduced, the bidder shall disclose the name of the new subcontractor or the amount of the reduced cost. <p>Section 262.25A of the <u>Code of Iowa</u> requires the University to purchase only new automobiles which have at least the fuel economy required for purchase of new automobiles by the state vehicle dispatcher under section 18.115, subsection 4. This section does not apply to automobiles purchased for law enforcement purposes.</p> <p>Section 262.23 of the Code of Iowa describes the duties of the University's treasurer, including:</p> <ul style="list-style-type: none"> • Receive all appropriations made by the general assembly for the University, and all other funds belonging to the University. • Pay out funds of the University on order of the Board of Regents, or of such committee or official as it designates, on bills duly audited in accordance with the rules prescribed by the Board. • Retain all bills with receipts for their payment as vouchers. • Keep an accurate account of all revenue and expenditures of the University, so that the receipts and disbursements of each of its departments shall be apparent at all times. • Report annually, and at other such times as required by the Board, receipts and expenditures in detail.

Item No.	Item Description		
1.5.0	<p><u>State Laws or Regulations</u> (Cont'd)</p> <p>For personnel purposes, there are four classifications of University employees: faculty, professional and scientific, Merit System staff, and students. Under State law, these four classification fall into two broad groupings:</p> <ul style="list-style-type: none"> • Exempt Staff: Staff who are exempt from the Regents Merit System per Section 19A.3(5) of the <u>Code of Iowa</u>, include: all presidents, deans, directors, teachers, professional and scientific personnel, and student employees under the jurisdiction of the State Board of Regents. • Regents Merit System Staff: Staff to whom the Regents Merit System applies, which includes all staff not listed above. <p>Annually, the budgeted total University compensation is approved by the governor, legislature, and Board of Regents. Individual compensation for Merit System staff, as defined in Section 19A.3 of the <u>Code of Iowa</u>, is governed by the Regents Merit System regulations. The majority of merit staff members are also covered by collective bargaining agreements which take precedence over Regents Merit System regulations. For all other University employees, Section 19A.3(5) of the <u>Code of Iowa</u> requires that the Board of Regents adopt rules and regulations for the compensation of the University employees, consistent with the objectives of Section 19A of the <u>Code of Iowa</u>, and subject to the approval of the director of the Department of Personnel. These rules and regulations are outlined in Chapter 4 of the Board of Regents <u>Procedural Guide</u>.</p>

2.3.2	<p>Description of Method Used to Value Charges to Projects From Institution-owned Inventories</p> <p>Average Costs - University stores operations typically use the average costing method to charge stores inventory items to sponsored projects or similar cost objectives with a mark-up added to cover operational costs. There are a few stores that have their operational costs funded through other means to keep the cost down, or that apply a mark-up only to external customers such as patients. The "just-in-time" method of delivery of goods is starting to be used to help stores operations achieve additional cost efficiencies through reduction of inventory and spoilage.</p>

2.4.0	<p><u>Description of Direct Personal Services</u></p> <p>Personal services compensation costs, including applicable fringe benefits, apply on an institution-wide basis to all major functions of the University. The specific functions to which these costs apply are instruction, research, public service, academic support, student services, institutional support, operation and maintenance of plant, and scholarships and fellowships. These functions, described in various National Association of College and University Business Officers (NACUBO) publications, are utilized consistently by colleges and universities, and are generally accepted by the American Institute of Certified Public Accountants (AICPA).</p> <p>The University classifies its employees as either faculty, professional and scientific staff, merit staff or student. Within these four primary classifications, appointments may be classified as permanent, term, temporary, or hourly. There are many personal service cost functional classifications within the primary employee classification type. No effort is made to assign each of the functional classifications a separate accounting classification (institutional account) in the University chart of accounts. Rather, individual salary, wage and fringe benefit institutional account classifications are assigned to those employee salary, wage and employee fringe benefit categories necessary to comply with various institutional and external reporting requirements. A current salary, wage and fringe benefit institutional account table is included as Exhibit 1 to Item 2.4.0.</p> <p>Personal service costs directly identified with Federally sponsored agreements or similar cost objectives are those associated with individuals that are considered employees of the University, namely faculty, staff and student employees. Their compensation including both salaries and wages and related fringe benefits costs is charged directly to the specific funding source(s) designated for the benefiting activity(s) including Federally sponsored agreements.</p> <p>Faculty and staff who are professionally qualified may serve as principal investigators, and co-principal investigators of Federally sponsored agreements.</p> <p>Staff personnel include both scientific and technically trained individuals who are directly involved in the conduct of sponsored activities, and administrative staff who provide services to major projects and single investigator projects that, because of their nature, require a level of administrative support above that normally provided by the University for Federally sponsored agreements and similar cost objectives.</p> <p>Student employees include both graduate assistants who work directly on sponsored projects under the direct supervision of an investigator, and hourly employees who perform project-related activities.</p>

2.5.0	<p><u>Method of Charging Direct Salaries and Wages</u></p> <p>A. Payroll Distribution Method</p> <p>Staff who are employed temporarily via emergency appointments approved by the Personnel Office or the Associate Vice President for Finance and University Services at an hourly rate of pay are paid on the basis of employee time records (ETR's) covering a specific pay period. The ETR's include the hours worked for each day within the pay period, the hourly rate of pay, the source of funds to be charged, and the signature of both the employee and the employee's supervisor.</p> <p>Students who are employed at an hourly rate must have a student work authorization form approved by the Office of Student Financial Aid for a specified period of time prior to beginning work. They are also paid on the basis of employee time records approved by the supervisor.</p> <p>C. After the Fact Activity Records</p> <p>Faculty, staff and students compensated under regular University appointments may be employed either full or part-time on either a permanent appointment or a specified term appointment. Their compensation is paid monthly based on the payroll distribution record approved at the time of the initial appointment, at the time the new fiscal year salary budgets are determined, or as subsequently adjusted by a properly approved payroll distribution change. The University utilizes a Federally approved after the fact Personnel Activity Reporting (PAR) system to obtain a verification of the proper distribution of salaried effort to Federally sponsored agreements. Effort reports are prepared semi-annually for all faculty, professional and scientific staff and quarterly for all merit staff who are supported partially or wholly from Federally sponsored agreements. Also, the PAR reports are utilized to verify cost shared effort mandated under specific Federally sponsored agreements. The faculty are required to distribute their salaried effort among all functions (including sponsored agreements) on the PAR report and certify the accuracy of the distribution. All other PAR's may be completed and certified by the employee or by someone who has first hand knowledge of the employee's effort.</p> <p>In accordance with OMB Circular A-21, J.8.c.(2)(e), the University requested approval to conduct quarterly rather than monthly surveys for merit staff. The University received conditional approval pending a follow-up review by DHHS. The follow-up review has not been conducted to date, and the conditional approval has been in effect since June, 1983. Correspondence documenting this approval is included as Exhibit 2.</p>

2.5.1	<p><u>Salary and Wage Cost Distribution Systems</u></p> <p>The following paragraphs describe two methods, other than those marked on Item 2.5.0, used to distribute the salaries, wages (if applicable), and related fringe benefit costs of those affected employees to some or all of the major functions listed in Item 2.4.0. While the following methods have been established primarily to distribute these costs to federally sponsored research, they are also used to distribute any portion of the affected employee's personal service costs supported by other funding sources and functions.</p> <p>Salaries and the related fringe benefits costs of employees with academic appointments supported by Federally sponsored agreements are initially charged to a salary distribution account and subsequently allocated to the Federally sponsored agreements based on the number of academic working days within the monthly pay period. This method is utilized because academic appointees have their pay spread over a time period that does not coincide with the academic year calendar.</p> <p>Certain research intensive departments utilize a salary distribution account for appointment purposes and distribute actual salaries, wages and fringe benefits the following month to all functions or activities (including Federally sponsored agreements) for employees appointed to the salary distribution account based on effort distribution records provided by the departments.</p> <p>In each instance, the verification of effort methodology has been approved by the Federal government.</p>

2.5.2	<p><u>Salary and Wage Cost Accumulation System</u></p> <p>The following description of the University's salary and wage cost accumulation system applies to all of the major functions of the institution as described in Item 2.4.0.</p> <p>The University's payroll system is the repository of all information related to the computation and distribution of an employee's compensation. The information includes the employee's current payroll distribution, the employee's payroll distribution history, the employee's benefits eligibility records, the employee's vacation and sick leave records, the employee's payroll deduction information and other employee information related to appointment or pay status. All payroll documents are microfilmed and indexed to supplement information stored electronically.</p> <p>The payroll system is interfaced with the University's general ledger through incorporation of the Master File Key (MFK) in the payroll system. The MFK includes all of those elements which identify the assignment of responsibility (i.e., fund, organization, department, sub-department if applicable, grant or program if applicable, and function) and the type of transaction (i.e., revenue, expense, asset, liability). Before a payroll appointment or a payroll distribution change for an individual employee can be successfully entered into the payroll system, the payroll distribution Master File Key (MFK) must be validated against the general ledger valid MFK database.</p> <p>The payroll transactions posted to the University's general ledger via the regular payroll process, through payroll distribution systems or through payroll correction journals are accumulated in a Cumulative Compensation Report on a fiscal year to date basis. This report contains a current month and a cumulative year to date record of salaries, wages, and fringe benefits by either valid MFK or by Social Security Number. The general ledger can be reconciled to the Cumulative Compensation Report by valid MFK.</p>

2.6.0	<p>Description of Fringe Benefits Costs</p> <p>The following information is given to identify and describe those fringe benefits either mandated by federal or state law, required as a condition of employment or provided to the employee at their option where the University contribution is directly charged to Federally sponsored agreements or similar cost objectives.</p> <p>Benefit Type: Social Security Benefit Description: Costs are incurred in accordance with the provisions of the Federal Insurance Contribution Act (FICA).</p> <p>Benefit Type: Worker's Compensation Benefit Description: Costs are incurred for a staff member who incurs medical expenses and/or loses work time as the result of a job related accident or illness. Expenses are covered in accordance with the Iowa Worker's Comensation Law.</p> <p>Benefit Type: Unemployment Compensation Benefit Description: University staff members, with the exception of most student employees, are covered for unemployment compensation. The purpose of unemployment compensation is to pay the benefits of staff members who lose their job through no fault of their own. The cost of unemployment compensation is paid entirely by the University.</p> <p>Benefit Type: Group Life Insurance Benefit Description: The University provides staff members with term life insurance. Participation in the program is a condition of employment for permanent faculty and staff members with at least a 50% time appointment at the University. The amount of Basic Life Insurance for faculty and staff members is determined by multiplying the person's Annual Benefit Salary by the amount of coverage selected. The minimum amount of coverage is one times the faculty or staff member's Annual Benefit Salary with additional coverage available equal to two, two and one-half, or three times the faculty or staff member's Annual Benefit Salary, subject to maximum amounts based on age brackets. Premiums are shared between the University and the faculty or staff member.</p> <p>Benefit Type: Supplemental Life Insurance Benefit Description: The Supplemental Life Insurance plan allows eligible faculty and staff members to acquire additional life insurance up to three and one-half times their annual budgeted salary subject to certain conditions.</p>

2.6.0	<p><u>Description of Fringe Benefits Costs</u> (Cont'd)</p> <p>Benefit Type: Paid-up Life Insurance Upon Retirement Benefit Description: A faculty or staff member retiring at age 62 or older with 10 or more years of continuous University of Iowa insurance coverage receives \$2,000 of paid-up life insurance for the first ten years of continuous employment, and an additional \$200 of paid-up life insurance for each additional year of employment to a maximum of 20 years or \$4,000. The cost of this program is paid by the University from a central fund and is not direct charged to Federally sponsored agreements or similar cost objectives.</p> <p>Benefit Type: Long-Term Disability and Wraparound Long-Term Disability Insurance Benefit Description: The University Disability Insurance plans provide coverage for faculty and staff members who become disabled. The flexible benefits program allows a faculty or staff member to select between a 50% pay replacement plan or a 70% pay replacement plan which is available by itself, or with a wraparound option that brings the coverage up to 70% during each of the first five years of service. All of the benefit provisions of the three plans are identical except for the percentage of the pay replacement.</p> <p>Benefit Type: Retirement Plans Benefit Description: All faculty and staff members with a permanent appointment participate in either the Iowa Public Employees Retirement System (IPERS) or the University Funded Retirement Plan involving Teachers Insurance Annuity Association/College Retirement Equities Fund (TIAA/CREF). Staff members on a permanent appointment with an annual budgeted salary of less than \$7,800 are required to participate in the IPERS program. Staff members with a permanent appointment earning more than \$7,800 in annual budgeted salary may elect to participate in TIAA/CREF instead of IPERS. Under IPERS, the University makes a contribution of 5.75 percent on the staff member's behalf. Under TIAA/CREF, the University contributes 6 2/3% on the first \$4,800 of annual budgeted salary and 10% over \$4,800 of annual budgeted salary on those staff member's behalf who have less than five years of service. The University contribution is 10% on the entire annual budgeted salary of those staff members with more than five years of service. The staff members are also required to contribute to the retirement plan in which they are enrolled.</p> <p>Benefit Type: Waiver of Retirement Premium Insurance Benefit Description: A faculty or staff member who becomes disabled may be entitled to continuation of the retirement premiums based on salary and length of service. The University provides this coverage to all permanent University faculty and staff members with at least a 50% time appointment after one year of continuous service.</p> <p>Benefit Type: Medical Insurance Programs Benefit Description: Medical insurance coverage is available on a voluntary basis. The University contributes towards the medical insurance cost for each permanent University faculty and staff member with at least a 50% time appointment at the University. Coverage is offered under either a single, employee/spouse, employee/children or family contract basis. Eligible faculty and staff members may elect to participate in one of five University of Iowa health insurance plans. All of the plans combine hospital, medical/surgical and major medical coverage into one program. The plans differ in their deductibles, coinsurance, out-of-pockets maximums, freedom to select providers and facilities.</p>

Coverage is offered under employee only, employee and spouse, employee and children or employee and family options. Coverage is provided through Delta Dental of Iowa with two types of plans available. The two plans cover the same dental procedures. The plans differ in the coinsurance amounts and the way in which maximum coverage is calculated.</p> <p>Benefit Type: Vision and Hearing-Aid Insurance Benefit Description: These types of coverage are available through Wellmark Blue Cross and Blue Shield of Iowa with coverage options the same as for medical and dental insurance.</p> <p>Benefit Type: Accidental Death and Dismemberment Insurance Benefit Description: This insurance program is available to all permanent University faculty and staff members with at least a 50% time appointment at the University. This insurance program provides coverage at all times for a variety of accidents. It covers accidents on or off the job, occurring at home or away, anywhere in the world, when traveling by train, airplane or other conveyances.</p> <p>Benefit Type: Flexible Spending Account for Dependent Care Benefit Description: Eligible faculty and staff members have the opportunity to arrange Flexible Spending Accounts for Dependent Care. A Flexible Spending Account for Dependent Care allows an individual to arrange for a portion of his or her earnings to be deposited in a special account that is then used to pay the dependent care expenses incurred in the course of a year for the custodial care of children or other eligible dependents. The I.R.S. regulations provide that earnings allocated to a Flexible Spending Account are not subject to federal income taxes, state income taxes, or F.I.C.A. taxes. Thus, persons who elect to participate in this plan pay these expenses with income that is not subject to these taxes. This plan is available to all permanent University faculty staff members with at least a 50% time appointment at the University.</p> <p>Benefit Type: Flexible Spending Account for Health/Dental Care Benefit Description: Eligible faculty and staff members have the opportunity to arrange a Flexible Spending Account for Health/Dental Care.. 2.6.0	<p>Description of Fringe Benefits Costs (Cont'd)</p> <p>Benefit Type: Vacation Accrual Benefit Description: Eligible faculty and staff members are entitled to earn vacation at an accrual rate determined by employee classification. The accrual of vacation is based on the annual entitlement pro-rated at a monthly rate in hours. Maximum accumulation for faculty and staff is twice the annual entitlement. Vacation is charged directly to the appropriate funding source(s) as it is used based on the applicable fringe benefits rate.</p> <p>Benefit Type: Sick Leave Accrual Benefit Description: Eligible faculty and staff are entitled to earn sick leave credits at an accrual rate determined by employee classification. The accrual of sick leave credits is based on the annual entitlement pro-rated at a monthly rate in hours. There is no maximum accumulation of sick leave credits, rather the amount accumulated is limited only by length of service, employee classification, and amount of sick leave credits used. Sick leave credits are charged directly to the appropriate funding source(s) as they are used based on the applicable fringe benefits rate.</p> <p>Benefit Type: Employee Holidays Benefit Description: Staff members with permanent or continuous appointments, on a full or part-time basis, are entitled to holiday pay in proportion to their fraction of service. Staff members hired on a temporary, on call, provisional, project or emergency basis, as well as students hired through the Office of Student Financial Aid and students hired in positions reserved specifically for student employees are not entitled to holiday pay. Staff covered by collective bargaining agreements may have benefits different from those described below. Reference should be made to the current agreement for those staff members for precise details. Paid holidays per the Board of Regents policy are as follows:</p> <ol style="list-style-type: none"> 1) Members of the University staff are eligible for 9 paid holidays a year. The official University holidays include New Year's Day, Martin Luther King Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, the Friday following Thanksgiving, Christmas Day, and an additional day near Christmas designated in the official University calendar 2) When New Year's Day, Independence Day, or Christmas Day fall on Saturday, the Friday preceding is declared the holiday. When any of the three holidays falls on Sunday, the Monday following is declared the holiday. 3) Holiday pay is granted to all permanent and continuous staff members provided they work their last regularly scheduled workday prior to, and also their first regularly scheduled workday following a holiday, unless failure to work on either or both days is excused because of 1) scheduled vacation days, or b) scheduled compensatory time off, or c) personal illness or injury, or d) other extraordinary circumstances beyond the control of the staff members which cannot be corrected in time for them to meet their employment obligations. 4) When a holiday falls during the period of a leave of absence without pay, the staff member is not entitled to equivalent time off nor pay for the holiday. <p>(Continued on next page)</p>

6.2.0	<p>C. <u>Early Retirement:</u></p> <p>The early retirement program was approved by the State Board of Regents in June 1986, and modified on July 1, 1990, and July 1992. Eligible for participation are faculty, professional-scientific employees, institutional officials, staff of the Board Office, and all merit system employees employed by the State Board of Regents for a period of at least fifteen years and who have attained the age of 57 but are not older than 63. The employee's participation must be approved by the employee's department head and the appropriate administrative officers. The following benefits are applicable during participation in the Early Retirement Program:</p> <p>1) <u>Life Insurance</u> - A paid-up life insurance policy of \$3,000 to \$4,000 equal to what the individual would have received if he/she had retired at the age of 65.</p> <p>2) <u>Health and Dental Insurance</u> - The University will pay the full cost of the single employee premium for health and dental insurance or its standard share of any coverage other than single, until the employee reaches eligibility for Medicare benefits. This contribution shall be equal to the amount contributed for an active employee in the same plan.</p> <p>3) <u>TIAA/CREF Contributions</u> - During the first three years, the University will pay both the employers' and employees' retirement contributions. During the remaining years in the program, the university will pay only the employers' contributions. Contributions are payable for a maximum of five (5) years or until eligible for full Social Security benefits, whichever occurs first.</p> <p>4) <u>IPERS Contributions</u> - The employee may elect a lump sum payment, using the following guidelines. The employee may elect, prior to approval of participation in the program, to accept the present value of all or part of the incentives, except life insurance, as a lump sum payment on the beginning date of participation of the program. The rate of interest used to calculate the present value is established annually by the State Board of Regents.</p> <p>From July 1, 1996, to December 31, 1996, an additional early retirement incentive program was made available to faculty and staff members age 55 or older with 20 years of service. Application for the program was limited to the six month window, and the University placed a limit on the number of faculty and staff it would approve for participation. This program was offered in addition to and could have been combined with the previously existing phased retirement program providing application to do so was made prior to the close of the application window. If combined, benefits under this program would be reduced by the number of years benefits are paid under the phased retirement agreement. This program was not renewed after the initial application period and is not currently being offered by the University. The following benefits were applicable during participation in this program:</p>

6.2.0	<p>(Continued from previous page)</p> <p>1) <u>Life Insurance</u> - A paid-up life insurance policy of \$5,000.</p> <p>2) <u>Health and Dental Insurance</u> - The University will pay its standard share of any medical and dental coverage elected by the individual until the employee reaches eligibility for Medicare benefits. This contribution shall be equal to the amount contributed for an active employee in the same plan.</p> <p>In addition, one of the following may be selected to be used toward the purchase of medical and dental coverage: a) If eligible for Medicare, contributions for employee and/or spouse for the institution's Medicare Carveout program for five years; or b) an allocation of \$5,000 to be used for employee and/or spouse contributions to University health care plans either before or after the employee becomes eligible for Medicare.</p> <p>3) <u>TIAA/CREF Contributions</u> - The University will provide both the employer and employee contributions to TIAA/CREF for three years. The University will provide the employer contribution for an additional two years. The employer's contribution is 10% of salary and the employee contribution is 5%.</p> <p>The program also authorizes access to 100% of the employee's TIAA/CREF accumulation as available under TIAA/CREF rules on cashability.</p> <p>4) <u>Alternative Payment Method</u> - Upon request of the participant, the University's contributions for any of the benefit programs may be paid in a lump sum equal to the present value of the benefit cost. The interest rate used in the calculation of the present value is established annually by the State Board of Regents.</p> <p>Benefits for both early retirement programs are funded on a pay-as-you-go cash basis. Generally, benefits are financed from the salary source(s) of the individual at the time of retirement. However, some colleges have identified a single source of funds to support all early incentive retirement benefits from their college.</p> <p>For fiscal 1995, there were 436 participants in the early incentive retirement program.</p> <p>D. <u>Termination:</u></p> <p>The University continues terminated employees' benefits for health, dental, vision, and hearing aid insurance under the Consolidated Omnibus Budget Reconciliation Act of 1985, modified by the Tax Reform Act and the Budget Reconciliation Act of 1986.</p> <p>No University costs are associated with the premiums, but claims are the responsibility of the University since the insurance plans are self-insured.</p> <p>As of fiscal 1995, 472 terminated employees continued their benefits by assuming total financial responsibility.</p>

Dear Mr. Greene:

As a follow up to our discussion on February 3 with you, Ed Mattotte, Hal Greenberg, Mike Smith of Peat Marwick and Mitchell, Leonard Brcka and myself, I am sending a revised request to modify our Personnel Activity Report system along the lines outlined to you in our January 7 letter.

Once again for your ease in reviewing the approved system (Exhibit II) and the changes proposed (Exhibit I) are attached. The changes are highlighted in yellow and involve only pages I-1 and III-1. The pages have been redated 2/15/83. The proposal involves the following points which were agreed upon in principle in our February 3 discussion:

(1) Quarterly rather than monthly reports for merit staff charged directly or indirectly to grants (now monthly).

(2) Annual reports from faculty and professional staff not charged directly or indirectly to grants (now semi-annual). The latter would occur in departments with no material indirect costs chargeable to department administration and allocable to sponsored programs. With regard to the exclusion of those who might have indirect cost charges, the exclusion will be determined on a department by department basis rather than by individual to avoid confusion in large departments with considerable grant activity.

(3) Reporting period for six months for faculty and professional staff (now 2 periods in each six month report for 9 month faculty). This is a request for a deviation from A-21 and is considered a pilot program. We estimate the number of faculty affected to be 475 out of 1200, but of the 475 only 130 are contributing effort to a grant or contract.

(4) Only graduate student effort charged directly to grants will be reported. Casual hourly work in an unrelated service department will not be included for these students. Less than 50 students directly charged to grants also draw some pay from casual work.

We appreciate your careful review and are hopeful that we may soon receive clearance to proceed with this slightly modified system. Paperwork burden would be reduced by one third if these changes are implemented.

As we indicated to you our system was in operation in 1980. Many audits and self studies have been conducted since that time including one now being finalized with Peat Marwick and the State auditors. Early indications are that no problems have been found with this system. Because of this, the University of Iowa is in a good position to request modifications which will reduce the heavy costs and yet maintain the accountability system sought by the federal government.

Ms. Margery E. Hoppin
Director of Sponsored Programs
The University of Iowa
Iowa City, Iowa 52242

Dear Ms. Hoppin:

The purpose of this letter is to advise you that our Office has reviewed the labor distribution and effort reporting system as proposed by you in your letter dated February 16, 1983. One item of the proposed system is a deviation from the Office of Management and Budget (OMB) Circular A-21 revised August 3, 1982. This item is in the area of frequency of reporting for faculty and professional staff.

Your system proposes a reporting period for six months for faculty and professional staff (now 2 periods in each six month report for 9 month faculty). The estimate of the number of faculty affected is to be 475 out of 1200, but of the 475 only 130 are contributing effort to a grant or contract.

The revised OMB Circular A-21, J.6.c.2.(e) states "for professorial and professional staff, the report will be prepared each academic term, but no less frequently than every six months. The point above proposes a reporting period of six months, which does not coincide with University of Iowa's academic terms. In consideration of the deviation noted, this Office is granting only a "conditional approval" of your labor distribution system. A final approval will be contingent upon a follow-up review to evaluate the effectiveness of compliance with the proposed policies. The follow-up review will be conducted by a representative of this Department. You will be given notice prior to the scheduling of the review. If you have any questions, please contact Edward Mattote at (202) 755-7613.

Sincerely yours,

As of July 1, 1997 the University budgets and expenses fringe benefits as a percentage of actual salary costs.

Background

A committee representing a cross section of University administrators was appointed in the latter part of 1995 to study the issues related to the previous method of accounting for fringe benefits and to develop a more simplified process for its \$130 million/year in fringe benefits costs. The use of fringe benefit rates rather than actual fringe benefit costs has been accepted by the Federal government and widely used by universities for many years. A committee survey revealed that seven Big Ten universities currently utilize fringe benefit rates. Consequently, the committee made a decision to study the feasibility of establishing a series of fringe benefit rates through a comprehensive analysis of data accumulated over a period of three fiscal years.

While the committee's primary purpose was to develop a more simplified method of accounting for fringe benefits, there were other concerns addressed during the process of analyzing the data. One of the more significant concerns addressed was the determination of the appropriate number of rate groups. This concern emerged both prior to and during the analysis and review of the data by the committee and was impacted by differences in the employee mix across organizational unit boundaries. Faculty and staff concern over the equity in the payment of early retirement benefits and terminal vacation accrual was resolved by the committee's decision to include early retirement benefits, terminal vacation pay and sick leave payout at retirement in the fringe benefits rates.

In October, 1996, the committee made formal presentations of the proposed change in accounting for fringe benefits to the President and Vice Presidents and to a campus wide meeting of financial officers. In addition, a memorandum was sent to the Deans and Major Unit Directors informing them of the proposed new methodology and of the campus wide meeting with the financial officers. The financial officers were given their subset of financial data to analyze for comment at a subsequent meeting scheduled in November. Other meetings or conversations were held to address questions raised by financial officers. The feedback was overwhelmingly supportive of the proposed change.

Methodology

Under the new methodology fringe benefits are budgeted and expensed as a percentage of actual salary costs. Eight categories have been created with a specific fringe rate assigned to each category. Each salary Institutional Account (5000 - 5799) is assigned to one of the eight categories. Benefits associated with wage Institutional Accounts (5900 - 5999) will continue to be expensed as the actual costs. Rates will be reviewed annually and adjusted based upon experience and future benefit projections at the beginning of the annual budget cycle.

The Payroll department continues to create and pay the salary portion as they have in the past. Pool rate fringe benefits are calculated using the applicable pool rate with the actual salary. This pool rate fringe benefit is charged along with the salary portion, to the appropriate departmental account.

The Payroll department continues to create the actual fringe benefit portion, but this actual amount is now charged to a central control account.
