**Published F&A rate:** This refers to a website or other formal publication by Sponsor indicating the maximum F&A they will pay. Documentation does not include email from Sponsor. Does not apply to for-profit Sponsors.

*The Prime Sponsor is where the funding originates, regardless of any intermediate or pass-through sponsors.* The nature of the Prime Sponsor’s funding opportunity dictates how we categorize funding types.

**Not all projects sponsored by pharmaceutical companies qualify as clinical trials.** Organized Research rates apply in most situations.

**F&A Rate Decision Tool**

http://dsp.research.uiowa.edu/facilities-administrative-fa-costs

This tool is to assist departments with understanding the appropriate rate to apply to research agreements. DSP recognizes that special circumstances sometimes occur and will work with you to apply the correct rate for your situation. If you have questions or if you are facing a new situation, please contact us at 335-2123 or dsp@uiowa.edu BEFORE submitting a budget to a sponsor.
