

Transferring Grants/Contracts from UI to Another Institution

Grants/contracts are awarded to institutions, not directly to Principal Investigators. For this reason, the grantee institution must 'relinquish' the grant and equipment, if any, and the awarding agency must approve all grant/contract transfers from one organization to another.

Responsible Parties:

Principal Investigators (PIs) are responsible for providing information about the transfer to departmental and DSP personnel in a timely manner and ensuring that the transfer of the award is completed in accordance with all applicable federal and sponsor regulations. ***The PI is responsible for negotiating the following:***

- Subcontracting work to the University of Iowa at current full F&A rate;
- Equipment transfers; ([Title Transfer of University Equipment](#) form),
- Transferring cost sharing obligations to the new institution; and
- Continued support of graduate students and postdoctoral fellows

In addition, the PI is responsible for the completion of final reports: Patent/Invention and Technical, as well as any outstanding reporting requirements for grants and contracts held while at the University of Iowa.

Departmental Administrators have the responsibility to conclude transactions and make any necessary adjustments to award accounts for departing PIs.

The Division of Sponsored Programs (DSP) office shall review and institutionally endorse the paperwork involved with each grant/contract transfer.

Procedures for Principal Investigator:

1. Contact **sponsoring agency** and **DSP Reviewer** assigned to your grant/contract at least ninety days in advance of the transfer date to ensure a smooth transition. The nature of your award will determine the forms required as well as the transfer and/or termination process.

2. Complete **Agency relinquishing statement**.

PHS

PHS 3734 Official Statement Relinquishing Interest and Rights in a PHS Research Grant
(<http://grants1.nih.gov/grants/phs3734.pdf>)

HHS 568 Final Invention Statement and Certification (<http://grants1.nih.gov/grants/hhs568.pdf>)

If the project is funded by NIH, complete the [Projected Cumulative Directs Costs on NIH Awards Being Relinquished Form](#) and send with this Grant Transfer Request Form.

NSF

Detailed instructions/forms for a grant transfer are available electronically on the FastLane website section entitled PRINCIPAL INVESTIGATOR (PI) TRANSFER
(https://www.fastlane.nsf.gov/documents/pi_transfer/pi_transfer_1.jsp)

ALL OTHER FUNDING AGENCIES

A signed agency/corporation/foundation form(s) as identified by the agency or contact DSP to help you determine the process and forms required.

3. Complete the University of Iowa **Grant Transfer Request Form** below and obtain concurring signatures.

4. Forward **Grant Transfer Request Form** and appropriate attachments to the Division of Sponsored Programs, 2 GILH. DSP will then forward all necessary paperwork to the sponsoring agency.

If you have questions, please contact the **DSP Reviewer** assigned to your grant/contract.
